Terms & Conditions

What the Personal Accident policy covers

The Personal Accident policy provides you with invaluable cover if you are injured and admitted to hospital or you are disabled or die as the result of an accident. We will also assist you through our partner, Road Protect, in recovering money owed to you by the Road Accident Fund (RAF), after a motor vehicle accident.

Benefits of the Personal Accident policy

- A discount on the additional premium if you add your partner/spouse.
- No medical examinations required.
- Hospitalisation cover commences on the first day of hospital admission.
- Tax-free payout in the event of disablement or death.
- Legal representation and claims and administration management, to claim from the RAF.
- Expo-Sure cover, which gives you access to HIV testing and treatment after accidental exposure.

Children's Benefit

Children are also covered for the maximum amounts below:

- **R10 000** for children unborn to 6 years old.
- **R30 000** for children 7 to 14 years old.
- 25% of the main member's cover for children between 15 and 21, and up to 25 if they are registered full-time students.

How do my payments work?

Your Personal Accident policy gives you monthly cover and your premium is deducted in advance on the date stated on your schedule. If in the month following the activation of your policy (and onwards) we do not receive your premium on the due deduction date, you will be allowed a 15-day period of grace in which to pay your premium. If we still do not receive your premium after these 15 days, you will not have cover for that month.

Premium obligations

For your premium obligations, refer to the paragraph headed "Payment details" on your schedule. This will give you details regarding the premium payable, the manner of payment of premiums and the due date for payment of your premiums. Your policy will only commence upon receipt of the first premium.

Please take note that we agreed to collect the monthly payment for your policy by debit order, and your initial debit will include your commencement premium and an administration fee. A deduction will be made on the same date every month. Should this date fall on a Sunday or public holiday, the deduction will be made either on the last working day prior to or the first working day after the weekend or public holiday. If we do not receive your premium on your preferred deduction date, we may attempt to collect your premium on a more suitable date in an effort to keep you covered. If payment is not received for three consecutive months, the policy will be cancelled immediately.

Hospitalisation

If the insured is hospitalised as a result of an accident, cover will be provided from the first day of hospital admission, up to a maximum of 104 weeks. The claim will only be paid once the hospital records have been provided and authorised for payment. If compensation for disablement or death becomes payable, there will be no compensation under this benefit.

Should the insured die as a result of an accident, we will compensate his/her nominated beneficiary/ies or estate to the level of cover chosen. Compensation for total permanent disablement or death will be paid in one lump sum. Payment will be tax-free.

The importance of Road Protect

The Road Accident Fund (RAF) was established to provide compensation and support to victims of motor vehicle accidents arising from a third party's negligent driving.

The problem

- Victims are faced with huge challenges when processing a claim through the RAF.
- The process is extremely costly, long, complicated and confusing.
- In most instances, injured victims are unaware of the advantages offered by the RAF.

The Road Protect solution

New legislation has moved the legal community away from processing claims, as they no longer have the right to take any of the settlement amounts as fees. With the Road Protect benefit, we can now offer you the following:

- Legal representation from an attorney on our panel.
- Administration and claims management.
- Medico-legal reports from Road Protect medical experts, when needed.
- Future loss-of-income reports, when required.
- Accident reconstruction.
- Full payout from the RAF, as no fees will be deducted and kept by Road Protect, provided that the claim is successful.

Road Protect terms and conditions

3. Based on the Road Protect practitioner's advice, if you wish to proceed with the claim, Road Protect will arrange all the necessary consultations and opinions you require for your claim. This may include additional legal consultations and reports, medico-legal opinions, medico-legal reports and actuarial opinions for loss of earnings consequent to your injuries.
4. Road Protect will assist you with all the necessary administrative requirements and the preparation of the documents needed to submit your claim.
5. An assessment of your medical expenses incurred as a direct result of your injury will be conducted to ensure a balanced and fair medical claim.
6. Your claim will then be finalised and collated, and with your permission, presented on your behalf to the RAF for consideration and settlement.

7. Road Protect will attend to all reasonable queries or requests for further particulars that the RAF might require in pursuit of the settlement of the claim.

Limits of the Road Protect service

- We will limit our service where it is found that the assessor, with the relevant evidence, is of the opinion that the merits of the case do not warrant a claim. If this is in conflict with your view, or there is a material conflict between your assessment and that of the Road Protect assessors, the case will be referred to the Road Protect advisory panel for review.
- Road Protect is not responsible for any costs incurred by you, the insured, for point one above.
- You are free to receive advice from sources other than Road Protect. However, the cost of these external sources will not be covered by Road Protect, unless prior approval has been obtained, in writing, from Road Protect.
- You are not obliged to use the services of Road Protect. In the event that you use another party other than Road Protect, Road Protect will not be liable for any costs incurred.
- The Road Protect service is only available for accidents that occur in South Africa.
- If your premiums are not up to date at the time of the motor vehicle accident, Road Protect will not handle your claim.
- If you did not comply with all laws governing the RAF at the time of the accident, Road Protect will not process your claim.
- Road Protect does not guarantee the service you receive from the RAF.

Your obligations

If you do not fulfil any of the following obligations, your cover may be cancelled.

Your obligations are as follows:

- Incorrect information or non-disclosure, or misrepresentation of information, may influence the insurer on any claims arising from your contract of insurance and may influence the insurer's decision to provide the benefits in terms of your policy, or to accept or terminate your policy.
- Inform us if any of the policy details or declarations are incorrect, or if any of these details or declarations change.

Disputed claims

After we inform you of our decision on a claim, we will allow you 90 days to make representations to us about our decision. If you do not comply with this time limit, we will not reconsider the disputed claim. If we do receive representations, the decision will then be reviewed and the outcome communicated to you.

If, after review, we do not compensate you for a claim or any part of it and you wish to challenge our decision, you must serve legal process on us within six months, calculated from the expiry of the 90-day period referred to above. If you do not comply with this time limit, you will be prevented from proceeding with legal process.
