

Scratch & Dent

Everyday motoring can cause annoying chips, minor dents and light scratches, the repairing of which often does not fit into your monthly budget. That's why we've created Scratch & Dent, to keep your car in showroom condition.

Scratch & Dent

Minor scratches and dents on your car getting you down? Scratch & Dent is part of our comprehensive range of value-added services.

Add it to your policy – it's reliable cover to get your car back to showroom condition.

Licence Support

Scratch & Dent comes with Licence Support*.

Licence Support is a licence monitoring and notification system. Add it to your main policy and once you've paid your renewal fee, your new licence will be delivered to your door. No more post office queues.

Scratch & Dent includes cover for:

Light scratches: Any scratches on the exterior panels of your vehicle (excluding window glass and sunroof). If the cost of repair does not exceed the maximum compensation amount as stated on your policy schedule.

Minor dents: Any minor dent damage on the exterior panels of your vehicle. If the cost of repair does not exceed the maximum compensation amount as stated on your policy schedule.

Chips: Any single chip damage on the exterior panels of your vehicle (excluding window glass and sunroofs). If the cost of repair does not exceed the maximum compensation amount as stated on your policy schedule. If you want to take a closer look at what Scratch & Dent covers, download our brochure.
